Collective Worship at St Mary's CEP School
Continuing with the theme of generosity, the children and staff have been considering this week how we can all be generous with our time and talents. The work of Victorian Scientist Michael Faraday, also a Christian, who decided to share his work, time and talents for free inspired us all. 'Freely you have received; freely give' Matthew 10:8.

School Attendance

Registration certificates were sent home with all children this week. These detail attendance and absences since the beginning of the school year. As you know I monitor school attendance closely and thank you for your support in ensuring your child has good attendance and is able to make the most of the learning opportunities on offer every day. Where I have concerns about attendance I will be writing to families and will be calling some in for meetings.

Thought for the Week

Class 3 Family Assembly

Class 3 delighted the school and their families this morning. The children shared their artwork of famous landmarks around Dover, together with facts about the town, and their favourite places to visit.
