

Dover St Mary's Church of England Primary

Learning for life with God as our guide

Weekly Newsletter Friday, 15th May 2020

Message from the Headteacher

Thank you to those of you who have sent pictures and news for the school Facebook page. Do keep these coming; it is good for us all to have this connection.

At the time of writing I am continuing to work with staff to risk assess the measures the Government is asking us to put in place after 1st June. Whilst the Government has sent out information since Tuesday, the Local Authority is still working on guidance; this is due to be with schools next week. You will appreciate there is a great deal of information to assimilate and changes to consider. Health and safety of pupils, staff and families is paramount. I will write to you all again next week when plans have been assessed by the School Governors and I have information to share with you.

In the meantime, we continue to provide home learning for all classes and childcare for the children of key workers.

Please continue to take care and look after yourselves.

Ms Helen Comfort – Executive Headteacher

Message from the Class Teacher

Hi Year 6,

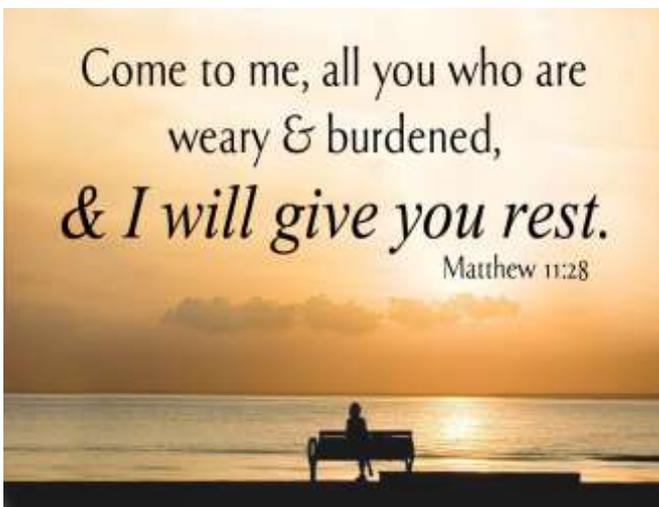

Here we are again, another week has flown by. I hope you are enjoying the learning tasks I have been setting for you, I have really enjoyed learning Spanish, and have been thinking that when we return to school we could continue with our Spanish learning. I also enjoyed the illusion artwork. How did your optical illusions turn out? Mine is still not finished so I must get it done. Thank you for the pictures that some of you sent to me – they were really good.

I have had some lovely photos from some of you, showing me all the things, you are getting up to – it is good to see you all. These pictures and examples of work are fantastic – remember to send them to Ms Comfort so she can put some on our Facebook page.

My homework this week is to investigate how to stop badgers digging up our garden – they are making a terrible mess! Wish me luck.

Continue to stay safe. **Mrs Berbiers** - debra.berbiers@stmarysprimary.net

Thought for the Week

Useful Weblinks

Visit this art website, it has some great ideas to get you messy with art – I am definitely going to have a go with the shaving foam and paint.

The Week Ahead!

Week Commencing 18th May 2020

Next week we will continue learning Maths with Gareth, I really like the way he gets you using your maths skills in different ways. You will be writing instructions in your English lessons with the teachers from the London Academy and in Spanish this week we are learning to say the date. Our science builds on our understanding of when organisms developed and adapted to what they are like today. I hope you enjoy these activities and more, continue to stay safe, be kind and helpful and keep in touch.
