Think about why Muslims might try to make the world better by trying to lessen, or stop poverty and injustice.

Read the following two quotations:

'Whoever saved a life, it would be as if he saved all humanity' Qur'an 5:32 'It is our duty to help others - that is why helping the poor and destitute is emphasised again and again in the Qur'an. The rewards for being charitable are enormous: charity purifies our wealth and Allah, Most High, has promised us a great reward for being charitable towards our fellow human beings' (Muslim Aid website)

Think about what it means to be 'charitable'.

What sorts of things can people give?

Why should they? Why should we?

Next, think about,

What the Qur'an teaches e.g. 'Be steadfast in prayer and regular in charity. And whatever good you send out before you, you shall find it with Allah: for Allah sees all that you do.' (Qur'an 2:110) 'So establish regular prayer and give regular charity; and obey the Apostle; that you may receive mercy.' (Qur'an 24:56) 'For those who give in charity, men and women, and loan to Allah a beautiful loan, it shall be increased manifold (to their credit) and they shall have (besides) a liberal reward.' (Qur'an 57:18) [?](#)
