Curriculum Statement of Intent

At St. Mary's Church of England Primary School, our children are taught Art and Design in a way that ensures progression of skills, and follows a sequence to build on previous learning from Early years to Year 6.

Our children gain experience and skills of a wide range of formal elements of art in a way that will enhance their learning opportunities, enabling them to use art and design across a range of subjects to be creative and solve problems; ensuring they make excellent progress.

Our comprehensive art and design curriculum provides both support and challenge for our learners and enables them to take risks and be creative with their learning. Our engaging art and design lessons promote a high level of pupil involvement, enabling every learner to flourish. Support is provided for teachers in relation to the lessons they are teaching, to enable them to deliver the highest quality teaching to our learners in a passionate and inclusive way.

We promote critical and reflective thinking to enable our learners to develop the confidence and skills to produce their own works of art, as well as imitating and evaluating the work of other artists, craft workers and designers. Learners are taught to understand how art and design both reflect and shape our history, and contribute to the culture, creativity and wealth of our diverse school community.

Art and design in the Early Years is developed through planned, purposeful play and through a mix of adult-led and child-initiated activity. Play is essential for children's development, building their confidence as they learn to explore the world around them, encouraging learners to think about problems, and relate to others.

	Demonstrate greater skill and control when drawing and painting to depict forms, such as showing an awareness of proportion and being able to create 3D effects.	Work with a range of media with control in different ways to achieve different effects, including experimenting with the techniques used by other artists.		
	Use growing knowledge of different materials, combining media for effect.	Combine a wider range of media, eg photography and digital art effects.		
	Apply observational skills, showing a greater awareness of composition and demonstrating the beginnings of an individual style.	Create in a more sustained way, revisiting artwork over time and applying their understanding of tone, texture, line, colour and form.		
		Create expressively in their own personal style and in response to their choice of stimulus, showing the ability to develop artwork independently.		
		Combine materials and techniques appropriately to fit with ideas.		
		Work in a sustained way over several sessions to complete a piece.		

Painting and mixed media			
EYFS: Reception		Year 1	Year 2
Methods, techniques, media and materials	Pupils know how to:		
	<ul style="list-style-type: none"> • Explore paint, using hands as a tool. • Describe colours and textures as they paint. • Explore what happens when paint colours mix. • Make natural painting tools. • Investigate natural materials eg paint, water for painting. • Explore paint textures, for example mixing in other materials or adding water. • Respond to a range of stimuli when painting. • Use paint to express ideas and feelings. • Explore colours, patterns and compositions when combining materials in collage. 	<ul style="list-style-type: none"> • Combine primary coloured materials to make secondary colours. • Mix secondary colours in paint. • Choose suitable sized paint brushes. • Clean a paintbrush to change colours. • Print with objects, applying a suitable layer of paint to the printing surface. • Overlap paint to mix new colours. • Use blowing to create a paint effect. • Make a paint colour darker or lighter (creating shades) in different ways eg. adding water, adding a lighter colour. 	<ul style="list-style-type: none"> • Mix a variety of shades of a secondary colour. • Make choices about amounts of paint to use when mixing a particular colour. • Match colours seen around them. • Create texture using different painting tools. • Make textured paper to use in a collage. • Choose and shape collage materials eg cutting, tearing. • Compose a collage, arranging and overlapping pieces for contrast and effect. • Add painted detail to a collage to enhance/improve it.

Sculpture and 3D			
EYFS: Reception		Year 1	Year 2
Methods, techniques, media and materials	Pupils know how to:		
	<ul style="list-style-type: none"> Explore the properties of clay. Use modelling tools to cut and shape soft materials eg. playdough, clay. Select and arrange natural materials to make 3D artworks. Talk about colour, shape and texture and explain their choices. Plan ideas for what they would like to make. Problem-solve and try out solutions when using modelling materials. Develop 3D models by adding colour. 	<ul style="list-style-type: none"> Roll and fold paper. Cut shapes from paper and card. Cut and glue paper to make 3D structures. Decide the best way to glue something. Create a variety of shapes in paper, eg spiral, zig-zag. Make larger structures using newspaper rolls. 	<ul style="list-style-type: none"> Smooth and flatten clay. Roll clay into a cylinder or ball. Make different surface marks in clay. Make a clay pinch pot. Mix clay slip using clay and water. Join two clay pieces using slip. Make a relief clay sculpture. Use hands in different ways as a tool to manipulate clay. Use clay tools to score clay.
Methods, techniques, media and materials	So that they can:

		Sculpture and 3D		
		Year 3	Year 5	Year 6
Methods, techniques, media and materials	Pupils know	<p>How to:</p> <ul style="list-style-type: none"> Join 2D shapes to make a 3D form. Join larger pieces of materials, exploring what gives 3D shapes stability. Shape card in different ways eg. rolling, folding and choose the best way to recreate a drawn idea. Identify and draw negative spaces. Plan a sculpture by drawing. Choose materials to scale up an idea. Create different joins in card eg. slot, tabs, wrapping. Add surface detail to a sculpture using colour or texture. Display sculpture. 	<p>How to:</p> <ul style="list-style-type: none"> Make an explosion drawing in the style of Cai Guo-Qiang, exploring the effect of different materials. Try out ideas on a small scale to assess their effect. Use everyday objects to form a sculpture. Transform and manipulate ordinary objects into sculpture by wrapping, colouring, covering and joining them. Try out ideas for making a sculpture interactive. Plan an installation proposal, making choices about light, sound and display. 	<p>How to:</p> <ul style="list-style-type: none"> Translate a 2D image into a 3D form. Manipulate cardboard to create 3D forms (tearing, cutting, folding, bending, ripping). Manipulate cardboard to create different textures. Make a cardboard relief sculpture. Make visual notes to generate ideas for a final piece. Translate ideas into sculptural forms.
	So that they can:	<p>Confidently use of a range of materials and tools, selecting and using these appropriately with more independence.</p> <p>Use hands and tools confidently to cut, shape and join materials for a purpose.</p> <p>Develop direct observation, for example by using tonal shading and starting to apply an understanding of shape to communicate form and proportion.</p>	<p>Work with a range of media with control in different ways to achieve different effects, including experimenting with the techniques used by other artists.</p> <p>Combine a wider range of media, eg photography and digital art effects.</p> <p>Create in a more sustained way, revisiting artwork over time and applying their understanding of tone, texture, line, colour and form.</p>	<p>See skills progression here</p> <p>Create expressively in their own personal style and in response to their choice of stimulus, showing the ability to develop artwork independently.</p> <p>Combine materials and techniques appropriately to fit with ideas.</p> <p>Work in a sustained way over several sessions to complete a piece, including working collaboratively on a larger scale and incorporating the formal elements of art.</p>

		Craft and design	
		Year 2	Year 3
Methods, techniques, media and materials	Pupils know		
	How to:	<ul style="list-style-type: none"> • Draw a map to illustrate a journey. • Separate wool fibres ready to make felt. • Lay wool fibres in opposite directions to make felt. • Roll and squeeze the felt to make the fibres stick together. • Add details to felt by twisting small amounts of wool. • Choose which parts of their drawn map to represent in their 'stained glass'. • Overlap cellophane/tissue to create new colours. • Draw a design onto a printing polystyrene tile without pushing the pencil right through the surface. • Apply paint or ink using a printing roller. • Smooth a printing tile evenly to transfer an image. • Try out a variety of ideas for adapting prints into 2D or 3D artworks. 	<ul style="list-style-type: none"> • That layering materials in opposite directions make the handmade paper stronger. How to: <ul style="list-style-type: none"> • Use a sketchbook to research a subject using different techniques and materials to present ideas. • Construct a new paper material using paper, water and glue • Use symbols to reflect both literal and figurative ideas. • Produce and select an effective final design. • Make a scroll. • Make a zine. • Use a zine to present information.
	So that they can:		See skills progression here
	Further demonstrate increased control with a greater range of media. Make choices about which materials and techniques to use to create an effect. Use hands and tools with confidence when cutting, shaping and joining paper, card and malleable materials.	Confidently use of a range of materials and tools, selecting and using these appropriately with more independence. Use hands and tools confidently to cut, shape and join materials for a purpose.	

		Craft and design		
		Year 4	Year 6	
Methods, techniques, media and materials.	Pupils know	<ul style="list-style-type: none"> That a mood board is a visual collection which aims to convey a general feeling or idea. That batik is a traditional fabric decoration technique that uses hot wax. <p>How to:</p> <ul style="list-style-type: none"> Select imagery and use as inspiration for a design project. To know how to make a mood board. Recognise a theme and develop colour palettes using selected imagery and drawings. Draw small sections of one image to focus on colours and texture. Develop observational drawings into shapes and pattern for design. Transfer a design using a tracing method. Make a repeating pattern tile using cut and torn paper shapes. Use glue as an alternative batik technique to create patterns on fabric. Use materials, like glue, in different ways depending on the desired effect. Paint on fabric. Wash fabric to remove glue to finish a decorative fabric piece. 	<ul style="list-style-type: none"> How different materials can be used to produce photorealistic artwork. Line	<p>Lines can be curved or straight and described in simple terms such as: wiggly, 'straight,' 'round'.</p>	<p>Drawing tools can be used in a variety of ways to create different lines.</p> <p>Lines can represent movement in drawings.</p>	<p><i>N/A (in the combined progression of skills)</i></p>

	EYFS: Reception	Year 1	Year 2
Pupils know:			
Pattern	When they have made a pattern with objects/colours/drawn marks and be able to describe it.	That a pattern is a design in which shapes, colours or lines are repeated.	Patterns can be used to add detail to an artwork.
Texture	Simple terms to describe what something feels like (eg. bumpy).	That texture means 'what something feels like'. Different marks can be used to represent the textures of objects. Different drawing tools make different marks.	Collage materials can be chosen to represent real-life textures. Collage materials can be overlapped and overlaid to add texture. Drawing techniques such as hatching, scribbling, stippling, and blending can create surface texture. Painting tools can create varied textures in paint.
Tone	There are different shades of the same colour and identify colours as 'light' or 'dark'.	That there are many different shades (or 'hues') of the same colour. Changing the amount of the primary colours mixed affects the shade of the secondary colour produced.	Different amounts of paint and water can be used to mix hues of secondary colours (<i>statement also included under 'Colour'</i>).

	Year 3	Year 4	Year 5	Year 6
Pupils know:				
Colour	Using light and dark colours next to each other creates contrast.	Adding black to a colour creates a shade. Adding white to a colour creates a tint.	Artists use colour to create an atmosphere or to represent feelings in an artwork, for example by using warm or cool colours.	A 'monochromatic' artwork uses tints and shades of just one colour. Colours can be symbolic and have meanings that vary according to your culture or background, eg red for danger or for celebration.
Form	Three dimensional forms are either organic (natural) or geometric (mathematical shapes, like a cube). Organic forms can be abstract.	Using lighter and darker tints and shades of a colour can create a 3D effect.	An art installation is often a room or environment in which the viewer 'experiences' the art all around them. The size and scale of three-dimensional artwork changes the effect of the piece.	The surface textures created by different materials can help suggest form in two-dimensional art work.
Shape	Negative shapes show the space around and between objects. Artists can focus on shapes when making abstract art.	How to use basic shapes to form more complex shapes and patterns.	<i>N/A (in the combined progression of skills)</i>	How an understanding of shape and space can support creating effective composition.
Line	Using different tools or using the same tool in different ways can create different types of lines.	Lines can be lighter or darker, or thicker or thinner and that this can add expression or movement to a drawing.	<i>N/A (in the combined progression of skills)</i>	How line is used beyond drawing and can be applied to other art forms.

	Pupils know:		
Meanings	<i>This aspect of the curriculum is child-led; encourage discussion and individual responses to their own and other artworks.</i>	<ul style="list-style-type: none"> Some artists are influenced by things happening around them. 	<ul style="list-style-type: none"> Some artists create art to make people aware of good and bad things happening in the world around them.
Interpretations	<i>This aspect of the curriculum is child-led; encourage discussion and individual responses to their own and other artworks.</i>	<ul style="list-style-type: none"> Sometimes artists concentrate on how they are making something rather than what they make. Artists living in different places at different times can be inspired by similar ideas or stories. 	<ul style="list-style-type: none"> Art can be figurative or abstract.
Materials and processes	<ul style="list-style-type: none"> Artists use modelling materials like clay to recreate things from real life. Artists choose colours to draw or paint with. Artists draw many different things and use different tools to draw with. Sometimes artists are inspired by the seasons. Some art doesn't last long- it is temporary. Sometimes artists cut and stick photos to make new images. 	<ul style="list-style-type: none"> Artists choose materials that suit what they want to make. 	<ul style="list-style-type: none"> Artists try out different combinations of collage materials to create the effect they want. Artists can use the same material (felt) to make 2D or 3D artworks. Artists and designers can create work to match a set of requirements; a 'brief' or 'commission'.

Meanings	<ul style="list-style-type: none"> Art from the past can give us clues about what it was like to live at that time. 	<i>N/A (in the combined curriculum)</i>	<ul style="list-style-type: none"> Artists are influenced by what is going on around them; for example culture, politics and technology. Artists 'borrow' ideas and imagery from other times and cultures to create new artworks. How an artwork is interpreted will depend on the life experiences of the person looking at it. 	<ul style="list-style-type: none"> Artists can use symbols in their artwork to convey meaning. Sometimes artists add extra meaning to what they create by working in places where they don't have permission to work.
Interpretations	<ul style="list-style-type: none"> The meanings we take from art made in the past are influenced by our own ideas. 	<ul style="list-style-type: none"> Designers can make beautiful things to try and improve people's everyday lives. How and where art is displayed has an effect on how people interpret it. 	<ul style="list-style-type: none"> Artists use self-portraits to represent important things about themselves. Artists create works that make us question our beliefs. 	<ul style="list-style-type: none"> Artists find inspiration in other artist's work, adapting and interpreting ideas and techniques to create something new. Art can be a form of protest. Artists use art to tell stories about things that are important to them; looking at artworks from the past can reveal thoughts and opinions from that time. Art sometimes creates difficult feelings when we look at it.

Generating ideas	Talk about their ideas and explore different ways to record them using a range of media.	ELG: Speaking <ul style="list-style-type: none"> Participate in small group, class and one-to-one discussions, offering their own ideas, using recently introduced vocabulary. 	Explore their own ideas using a range of media.	Begin to generate ideas from a wider range of stimuli, exploring different media and techniques.	<ul style="list-style-type: none"> To use a range of materials creatively to design and make products to use drawing, painting and sculpture to develop and share their ideas, experiences and imagination
Sketch-books	Experiment in an exploratory way.	ELG: Expressive Arts and design: Creating with materials <ul style="list-style-type: none"> Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function. 	Use sketchbooks to explore ideas.	Experiment in sketchbooks, using drawing to record ideas. Use sketchbooks to help make decisions about what to try out next.	
Making skills (including Formal elements)	Use a range of drawing materials, art application techniques, mixed-media scraps and modelling materials to create child-led art with no set outcome. Cut, thread, join and manipulate materials safely, focussing on process over outcome. Begin to develop observational skills (for example, by using mirrors to include the main features of faces).
