	Monday	Tuesday	Wednesday	Thursday	Friday
English	https://classroom.thenational.academy/lessons/to-generate-vocabulary-for-a-diary-entry-64rked In this lesson, we will be generating vocabulary to use when writing a diary entry. We will be focusing on how to generate adjectives for key nouns, and then moving this on to adding verbs and adverbs to describe what a character might be doing at a certain point of the story.	https://classroom.thenational.academy/lessons/to-understand-the-features-of-a-diary-cmvkad In this lesson, we will be looking closely at dairy entries. We'll be understanding why people write diary entries and what are the main features of a diary entry.	https://classroom.thenational.academy/lessons/to-write-a-diary-entry-6xjkec In this lesson, we will write a diary entry from the perspective of Tristan from The Viewer. We'll use a plan and success criteria to help us write.	https://classroom.thenational.academy/lessons/to-write-an-alternative-ending-to-a-story-c4rkad In this lesson, we will be reading the rest of The Viewer and discussing its ending. Then, we will make up our own alternative ending and prepare to write that.	https://classroom.thenational.academy/lessons/to-develop-reading-for-pleasure-70tket In this lesson, we explore how reading builds empathy. We will share recommended reads and explore character traits in order to describe a favourite character.
Mathematics	https://classroom.thenational.academy/lessons/adding-decimals-70t62r In this lesson we will use the formal written method to add decimal numbers and correct mistakes made with this method.	https://classroom.thenational.academy/lessons/subtracting-decimals-69jpat In this lesson we will use the formal written method to subtract decimal numbers and correct mistakes made with this method.	https://classroom.thenational.academy/lessons/applying-mental-calculation-strategies-to-adding-and-subtracting-decimals-cgr3ce In this lesson we will use a range of informal mental strategies to add and subtract decimal numbers.	https://classroom.thenational.academy/lessons/solving-problems-with-decimals-using-addition-and-subtraction-6gu6ad In this lesson we will solve addition and subtraction problems with decimals and generate our own word problems to suit equations. We will develop our	https://classroom.thenational.academy/lessons/deriving-decimal-multiplication-facts-cgtk8t In this lesson we will derive multiplication facts involving decimal numbers, exploring a range of language structures and models. By the end of this lesson we will be able
